

We are the central service point for the promotion of early-career researchers at the University of Greifswald, the university medicine and associated research institutes.

Our target groups:

- Prospective doctoral candidates
- Doctoral researchers
- Postdocs
- Supervisors

Our aim is to create optimal conditions for a successful (post) doctoral phase and to prepare early-career researchers for a career within and outside academia.

Our free offers include

- Counselling and advice
- A comprehensive qualification programme
- Coaching
- Networking and collegial advice (e.g., lunch talks)

Our qualification programme

Level of career support

Management, Communication

Career Planning and Career Paths

Career Plus
(for a career outside academia)

Level of key competencies
